

HOMWORK LETTER

Mr Stoppard, Mrs Brown & Mr Jones
Summer Term 2 2021/22

This term, we will learn about all the counties that surround Bramley Vale and how Derbyshire fits into the United Kingdom. We will look at four different counties within the UK. (Derbyshire, North Yorkshire, Rutland and Cornwall) and look at their similarities and differences. We will also learn about the different countries of the U.K. so we can find and identify them in an atlas. For your homework, you can choose which activity to complete. The finished project does not need to be in school until nearer the summer holidays (July) so have a think and take your time.

Perhaps, you could make a big map of the United Kingdom showing some of the fantastic places you can visit.

Have you had a fantastic holiday in the UK? If you have some photos, why not make a scrapbook showing some of the places you went too and some of the things you did whilst you were away.

We are learning about four different counties within the U.K. Why not choose one of these and compile a top ten list of things to do in that county.

Produce a piece of art linked to your favourite place. Perhaps you can make a sculpture of 'The Angel of the North' or a painting of the sea at Skegness. Perhaps make a Modroc sculpture of Edinburgh Castle or a water-colour picture of Cornwall.
