

# LEARNING LETTER

Class 6

Mr Stoppard supported by Miss Wilbourn  
Spring 2 2025-2026

## NEW TOPIC – History – Social Change and the Suffragettes 1920's Britain

This term the children will be expanding their history skills to learn about a completely different period of history when life change rapidly for people living in Britain. This topic will allow us to learn how women had to fight for the right to vote and how life changed for everyone in the early 20<sup>th</sup> century. During this topic, we will be having an immersion day so if you have any clothes which will help our children dress like the 1920's keep them handy.

## SUPPORTING LEARNING AT HOME

### Class reader

Thanks for an excellent start to the first half of the year and how all our children were quickly up to speed with their reading both in school and at home. It is still vitally important that all children can read fluently, and your help is appreciated. If you can continue to read and sign your child's reading diary 3 or 4 times a week, this help soon adds up, and your child will benefit hugely. Each daily read contributes to their Reading Olympics tally.

### P.E.

Our PE days are **Thursday** and **Friday**. Swimming has now finished for the year so both Y5 & Y6 will need PE kit on for both days. If you have any questions about this, please let me know.

### Activities

Throughout this term, different children will be taking part in different events, and you will be informed about the events as they happen. Firstly, we have a cross-country event and swimming gala. Next month, some of our class will be performing at the Winding Wheel dance event. The children have been practicing this, and this will be a fabulous way of showing their 'Positivity'.

### A very important year

Thanks to everybody who has been helping their child to achieve their best in our assessments; every time you read or help with homework is a real bonus. It is now only ten school weeks until the SATS exams and every minute counts. It is therefore vitally important that all children continue practising using the material I send home and that we ensure that time off school is minimised and that all children are here on time every day. Thanks also to those carers and children who are completing the maths homework. Your help is much appreciated.

## THIS TERMS VALUE

This terms value is 'Positivity'. We will be stressing the need to maintain a positive approach to learning and life – trying to see the good in each experience. We will also aim to help spread positivity throughout the school and wider community.

# HOMWORK CHALLENGES – CLASS 6 SPRING 2 2025

Mr Stoppard supported by

Miss Wilbourn, Miss Heath and Miss Day

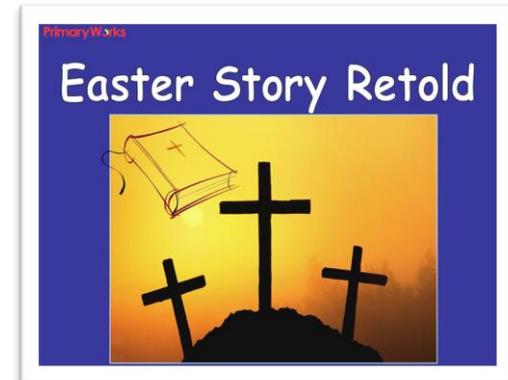

This term, we will be broadening our use of History skills and learning all about the suffragettes. We will also be using our writing skills and trying to improve the standard of our writing. For your homework, you can choose which activity to complete. For some of them, you could record your results electronically, or the finished project could come to school. Remember, it does not need to be here until nearer the half term holidays so have a think and take your time.

What do you know about the suffragettes and their struggle to ensure equal rights for women. Write a persuasive letter to show why women should have the vote or an information text to inform everyone about the role these women played in history.

In science we are learning all about the different properties of materials. Can you create a poster to show the different properties of materials that you have at home or perhaps create your own PowerPoint with interactive links to show this information.

As we head up to Easter, we will be studying what this means and why we still learn about the events of over 2000 years ago. Can you produce your own art work linked to Easter to highlight all the different aspects of the holiday. Use some of the new skills we have learnt over the last few terms to see what you can come up with.
